7th July 2014

Dear Parent/Carer

Year 10 Enterprise Day – Tuesday 15th July 2014

As part of the school's commitment to providing relevant Careers Education and Guidance for students at St Margaret's, there will be a Year 10 Enterprise Day on **Tuesday 15th July 2014**. The aim of the day is to develop skills such as communication, team work, problem solving and to gain a greater insight into some of the career opportunities available to them, both locally and nationally. Through the help of Liverpool Compact, several employers have agreed to provide interactive workshops and presentations to achieve the aim. Students **will not** attend their usual lessons but will instead tour a selection of the presentations in small groups throughout the day. Registration, break and lunch times are as normal and students must wear full school uniform. Students will not need a bag just a pen and pencil.

The aims of the day are:

- To show that their learning in school is relevant to the demands and responsibilities of the world of work
- To encourage the boys to use and develop their knowledge and understanding of the roles of employers within the community
- To develop a willingness to accept new ideas and concepts and to learn to communicate more effectively
- To encourage and motivate students as they finish Year 10 and are about to enter Year 11

We believe that Enterprise day provides a valuable insight into the world of work and builds upon the experience students have gained in the class room. We hope students will enjoy the day and that it helps motivate them before they enter their final year of KS4 in September.

Yours sincerely

Mr G S Richards
Work Related Learning & Enterprise Education Co-ordinator
