Dear Parent/Carer

Year 11/10 GreenPower Car Aintree Heat

As you are aware, the STEM club has been busy fund-raising for their GreenPower Car. Students finally reached their target after the second bike ride last year. We have been extremely impressed with the commitment shown by the students to the project and were very excited to put in an order for their vehicle at the end of last July.

Students have been invited to the Aintree Circuit heat this year to have a look at the competition, talk to rival schools and gain a better understanding of what the race entails. The GreenPower heats are a one-day event held across Britain. Winners of competitions are invited to the final later on in the school year.

The heat will be held at Aintree Circuit on Wednesday 23rd September. Students must assemble in the schools main entrance hall at 9.00am. We will then travel on the school minibus to the ground and are due back in school at 7.00pm. Students will need to bring a packed lunch. Although there is a small food hall on site, students will need money to purchase any extra refreshments they may need through the day. There is also little indoor coverage, so please ensure your son brings a suitable coat. The cost of entry to the heat is free, however we ask if you can voluntarily contribute £1.00 towards the travel costs of this trip, thank you. Students will be accompanied by Miss Lalgee and Mr Jones.

We seek your permission to photograph your son during the activities to be used by St. Margaret's and local press for publicity purposes. Therefore, students would be expected to attend the event in full uniform. If you consent to your son attending the visit and the photographs being taken, please complete and return the reply slip below along with the voluntary payment of £1.00. As always, we expect the highest standards of discipline and effort and look forward to a successful and enjoyable day.

If you require any further information please contact Miss Lalgee or Mr Jones at St. Margaret's C of E Academy.

Yours faithfully
