

Ref: 046/19

5th April 2019

Dear Parent/Carer

GCSE French Speaking Assessments

As you may already know, your son will take his French Speaking Assessment next Tuesday 30th April. This part of the examination will last 20-25 minutes and individual appointment times will be given by Miss Leroux in class.

The speaking component is worth **25% of the final GCSE grade**, so it is vital that your son prepares himself well for the exam. The examination consists of a role play, a photo discussion and general conversation covering two of three broad themes. Your son has been given questions on the three themes as a guide and he should choose one of these themes for the first part of his conversation. A second theme will be allocated by the exam board on the day, so all three themes need to be learned and practised beforehand.

May we thank you in advance for supporting your son's preparation for his GCSE French Speaking Assessment.

Yours sincerely

Miss W. Monaghan
MFL Department
