

Our Ref: 025/19

11<sup>th</sup> March 2019

Dear Parent/ Carer

**Year 12 and 13 Biology trip School of Life sciences University of Liverpool**

I am pleased to inform you that a very exciting event has been arranged for A-Level Biology students. On **Thursday 14<sup>th</sup> March**, students will be visiting the University of Liverpool.

The event has been organised as it covers many elements within the AQA Biology specification, specifically proteins, electrophoresis and Quantification.

Pupils will experience a day in the laboratories in the School of Life Sciences with University staff and two teachers from the school. Students will complete a range of practical experiments, which will enhance their Biological knowledge and skills.

Students will be required to meet me in the foyer of the Life Sciences building, Crown Street, Liverpool L69 7ZB at 9.45am. The session should finish at approximately 3pm and students should then make their own way home. Students will be escorted to the student guild for lunch where they can either eat a packed lunch they have brought or purchase their own food relatively cheaply.

Please complete and return the slip below by **Wednesday 13<sup>th</sup> March 2019**.

Should you have any queries, please do not hesitate to contact me at the school.

Yours sincerely

Mrs E Maher  
Head of Biology and Second in Science
