

Our Ref: 120/20

24<sup>th</sup> February 2020

Dear Parent/Carer

**Y12 A Level Maths Problem-Solving Booster Event**

I am writing to inform you that your son/daughter has been offered the opportunity to attend the above event. This activity has been arranged by the Advanced Mathematics Support Programme. We think that it will be a good experience to inspire and motivate students in the subject that they have chosen to study at an Advanced Level. The event is to help students improve their conceptual understanding and develop their problem-solving skills. We feel that developing problem-solving skills in this way can lead to improved attainment and greater confidence generally in mathematics.

***The date of the event is Thursday 27<sup>th</sup> February 2020 (10am – 3pm)***

***The event will be hosted by Cardinal Heenan & Broughton Hall Sixth Form Centre.***

***Students need to bring their own lunch to the event*** but a mid-morning snack and drink will be provided.

If you would like your son/daughter to accept this invitation, please complete the reply slip below.

Students will be expected to make their own travel arrangements to and from the event but I will also be attending and will meet them there.

Yours sincerely

Miss C Bratherton  
Maths Department
